Project Title: Adoption of 8-Hour Ozone Reasonably Available Control Technology (RACT) - State Implementation Plan (SIP) Certification

Project Location: Yolo-Solano Air Quality Management District

Project Description: This document fulfills the District's responsibility to comply with the requirements in the federal Clean Air Act, Part D, Section 182(b)(2). This requirement states that areas classified as moderate or higher for the 8-hour ozone NAAQS must submit a demonstration that their current air pollution rules fulfill the 8-hour ozone reasonably available control technology (RACT). To show that RACT is being met, the District is making a commitment in the document to amend District Rule 2.29 – Graphic Arts Printing Operations.

Name of Public Agency Approving Project: Yolo-Solano Air Quality Management District

Name of Person or Agency Carrying Out Project: Yolo-Solano Air Quality Management District

Exempt Status:

- ☐ Ministerial
☐ Emergency Project
☒ Categorical Exemption (CEQA Guidelines Section 15307, Action by Regulatory Agency for Protection of Natural Resources)
☐ Statutory Exemption

Reason why project is exempt: The adoption/revision of the 8-Hour RACT-SIP is an action taken to enhance a natural resource and is therefore exempt from CEQA because it constitutes a Class 8 categorical exemption pursuant to CEQA Guidelines 15307.
